

FLOODS INSURANCE CLAIMS - SHARING

Dear Folks,

Having been through 2 floods in 2015 and 2016 I understand how painful it can be to have your house flooded. Fighting with the insurance agency in this case NFIP can be even more painful. One of the smartest choices we made was to engage the services of a public insurance adjuster who fights on your behalf. He will also guide you through the process, handle all paperwork and ensure that you receive a fair settlement.

Tom's fees have been 10% of the insurance proceeds in the past. I have spoken to him and negotiated on behalf of the Parsi community to bring it down to 8%. Should you decide that you want to engage his services his contact information is:-
