ZAH CARES

DEAR
ZAH COMMUNITY

As we creep back to normalcy, here are a few items that one must remember, take action and protect your assets

If you have moved out of your home, are with relatives, friends or in a shelter.....LET THE ZAH-EC KNOW!

There is a link on ZAH.org that was created with important links and will be updated on a daily basis, please keep an eye on that page. HERE IS A LINK TO GET YOU THERE

<http://zah.org/?event=harvey-updates-and-assistance-page>

- MOST IMPORTANT..... if you are moving out of your home, shut off electricity & gas mains before you leave
- Gas providers are active all over the cities looking for leaks
- If you do not have flood insurance and have damage to your homes, there will be a federal aid program. USE IT!
- If you do not have flood insurance, BUY IT !
- Home insurance normally do NOT cover flood damage from rising waters. However leaks from plumbing & roof leaks are covered
- If you have home Insurance then it covers your stay away from home during repairs. Call your insurance company and tell them your home is inhabitable and you will be moved into a hotel until repairs are complete.
- You will also be reimbursed for any expenses you may have incurred while taking refuge, such as purchase of clothes etc.
- There are provisions, sundries, clothes etc., in the center, if you need some, come and pick them up before they are given to sheltors
- If your car was damaged with flood waters, check out this FEMA link and apply for relief <https://www.fema.gov/faq-details/Assistance-with-vehicle-repairs-replacement-1370032124288>
- For latest Houston & harris county relief updates see this link <http://www.houstontx.gov>
