

ZAHCARES COMMUNICATION: 2 Sept 2017

Our Dear Community:

A calamity is unfolding in Houston and the surrounding areas as floodwaters from Hurricane Harvey continue to rise. In Houston, many people are trapped, as rains have flooded most major roads out of the city and as we heard on CNN it hit even a shelter for victims fleeing the storm.

**We have witnessed people being rescued from their homes in bare feet, shivering, some people without clothes and Houston looks like a war zone!** Our whole city was underwater and it was a heartbreaking and devastating picture where even city & county officials unable to reach so many areas due to the flooding.

**The sad part being that some of these were our very own community members who were left looking at the face of disaster. So many were evacuated and some had water knee deep. Businesses were shut down and offices, schools and even the roads were bare of human life.**

"This is one of the counties in Texas that also sent out the SOS: 'If you've got a boat, we need it,'" said Mayor Turner "And there are people responding right now." He added, however, that the number of people displaced is rapidly increasing. Now that shows the plight of both the ones who were looking to be rescued and the rescuers too.

**We at ZAHCARES are very sensitive to the plight of those who felt Harvey's wrath. But, it is sad that we do not even know who was affected until we visit the social media and/or hearsay.**

That is why, we the volunteers at ZAHCARES are writing in a quest to look for those who have been a part & seen the fury of Harvey. Can we please request that you call me or any one of our volunteers and lets talk about how you can lean on our shoulders and get back to where we were?

**Please do call us, we are your support system and to learn more about what we can offer or who we are, just click on this link and make that call..... [http://zah.org/?page\\_id=3227](http://zah.org/?page_id=3227)**

Do stay safe and ALWAYS remember that ZAH is a tight knitted community that sticks together at all times & specially in times like these!

best wishes

Homi Davier
