

***ZAH*CARES – A CRISIS ACTION RESPONSE TEAM**

OUR MISSION

CARES's purpose is to establish a process with the help of community volunteers "social workers" who have the experience and ability to assist and/or direct help to any Houston based Zarathushti family in a crisis situation.

CARES's CORE TEAM

Is galvanized to take immediate action when required.

Volunteers will be from within the ZAH membership and may even include individuals from Mainstream America & NGO's.

We are delighted that our call for volunteers received a super response without any persuasion.

They read the call for support, saw the need and joined up!

ZAH is a 600+ strong, vibrant and proactive community and as we continue to grow we see a need to address some of the issues that are evident as our community comes of age.

CARES is for our community, its seniors and even to extend to our young families who move in at the rate of one a quarter.

For more information check our link at www.zah.org

ZAH CARES program is available for all community members

For assistance write to us at zahcares@gmail.com

When we receive a request for assistance, it will be distributed **ONLY** to the ones living closest to you or the one who can best address your specific request and/or need.

In its two years of existence ZAH CARES has responded to a number of personal incidents.

It was instrumental in raising & distribution of funds during Hurricane Harvey which left so many our community homes destroyed.

As we move into our third year we are looking to find different manners in which to satisfy the needs of our community.

All suggestions are welcome
