

AGM 2023 – ZAH Web Committee Report

“Hey Yasmin, hey Arzin, hey so-and-so, the website is not working, it’s down again when I try to register. What can we do as I will miss the deadline? Let the web team know that ZAH website has a HUGE problem again”. Really?

Well very simple answer to start with, don’t wait until the last minute to register. Now to address the “Huge Website problem”, we have repeatedly said, as soon as you fill up the information and click “PayPal Checkout” it is out of our control and tries to connect to the PayPal site. If you don’t see the PayPal page, it means it is still trying to connect so hold your horses. The reasons could be aplenty although most commonly it may be your internet/network connection at that moment, issues with your cell phone provider, you are in a moving vehicle, etc.

IT IS NOT A ZAH WEBSITE ISSUE. If that happens, wait for ½ to 1 day and try again as, when we receive such complaints and test, 95-97% of the time our website is fine. Anyway, as it is said “Patience is a Virtue, all things are difficult before they become easy, so have PATIENCE”.

Anyway, here are some achievements from your web team during 2022. We are back in full swing post the pandemic era and have set up 27 events in 2022 including Gahambars, Atash Kadeh requirements, Carnival, Navroze(s), fundraisers, Library events, Z-Camp, Golden Group, New Year’s Eve, etc. along with 14 rentals, member (6) and non-member (8). We also send periodic RSVP list reports to the respective committees including troubleshooting any issues and adhering to other ad-hoc requests. So far, we haven’t been asked “why are Kababs so small during events” so all good there.

We also work regularly with our Atash Kadeh committee on updating schedules, disseminating information, etc. and here are some helpful links for our Community:

The AGM reports / presentations, ZAH Legacy and MNE scholarship information, Sunday school details, Sub-Committees, Community support groups like doctors, priests, etc. are periodically updated and can be viewed on our website. All Manashni additions from 2008 have been uploaded and are up and running. Please visit our website and have a read to know what is going on in our ZAH Community.

Finally, if you are still procrastinating and haven’t become a member yet, please renew your membership soon → [Membership Information – ZAH](#)
